**£3,250.00 plus VAT**

### Functions.

Plays 70 CDs

Plays Individual Selected Tracks

Can play automatically.

An IPOD or other MP3 player can be connected to the amplifier.

### Size:

33" wide

5ft 8" tall

2ft" deep

This is a great looking and perfect working and sounding cd jukebox. It holds 70 cds (albums or cd singles or a mixture of both) and is called an Americana and is made by the British company Sound & Leisure. The title cards can be viewed through the top glass window. These then move from side to side at the push of a button. It stands 5ft 8" tall, is 2ft" deep and 3ft wide. It has a big powerful internal speaker system and sounds fantastic. Sounds great on very loud volumes and at quieter settings. Up the sides of the jukebox and over the arch of the dome are some tubes that are filled with liquid through which bubbles raise up through - very smart. This is a quality machine. The finish to the surround is a dark wood that gives it a classic look. In addition to its own internal speakers, it can connect up to external speakers and so it is ideal for a pub or club as well as a private home. It can be put on free play or you can leave it as it is and have it accept all modern coinage. You can also connect up a separate wall-box if you wanted to. We have connected a switch so that the jukebox can play automatically - selecting random tracks from random cds continuously without the need to key in any selections - this is a great function. It is particularly good because if you make a selection whilst this switch is 'on' the jukebox will play your selection as a priority before going back into automatic mode. It stands on a good set of castors and is easily moved about. It has a digital display, which tells you how many credits there are, what selection is playing and what you have selected. The pictures here are ok - but this is one of those jukeboxes that looks better in the 'flesh' than they do in pictures. If you want to view before the close of the auction just let me know. A manual for this jukebox can be downloaded for free off the web and I will provide the appropriate URL to the winning bidder. I appreciate that this is a significant purchase and so will provide a 3 month warranty for peace of mind. I think that just about covers everything, but if there is anything more that you would like to know then feel free to mail me with your question. There will be a delivery charge to consider - or you can collect. Thanks for looking at this item - we appreciate that this is a big purchase so ask as many questions as you like and we will do our best to answer them. Thanks for looking at this item and good luck with your bidding. Chris McFarquhar @ Jukebox45s.com.
